RE: CBBA-3326

1. In reviewing the [ ] 28 February surveillance report on Subject forwarded in reference, it was noted that at 18:10 when the squad lost KOVACS he seemed to be employing evasive tactics customary prior to keeping an intelligence contact. A review of the VENUS report forwarded in CBBA-3216 showed that on 28 February at 1900 KOVACS met Peter at the Bon Marche department store.
2. It is felt that [ ] may want to use this to point out to [ ] the advantage and need to have speedier reporting from [ ] on the VENUS case which would not only enhance coordination of the squad's activities but also eliminate such a dissipation of effort.
3. Name Trace Results: There is no identifiable information on the name Dr. Antal JASPER in RI. Alexander LAZAR is the former [ ] informant referred to in the attachment and para 4 of CBBA-1866 (23 June 54) and subject of a Charleroi dossier. Note: There is no information in this dossier at headquarters.
